1. The following is an examiner's statement of reasons for allowance: The prior art of records neither anticipates nor renders obvious the instant combination in a cartridge for housing a recording medium wherein an indicator for indicating whether the cover has ever been opened includes a detachable claw so that detaching the claw from the cartridge enables a user to unlatch a latch of the cover and thereby open or remove the cover. It is also noted that the claims are allowable because of the detachable claw, and not for the placement of the detachable claw mounted to or engaging the cartridge/cartridge body, and therefore, no recapture issues exist.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
